

Thank you for opening our 2021 Conference social media kit! Here are the details:

On **November 8-9 2021**, Kids Brain Health Network is hosting its **second annual conference!**

The theme for this year's conference is, "**Realizing Change through Partnerships and Research Innovation.**" This virtual event is a celebration and exhibition of all of the achievements that Kids Brain Health Network along with its partners have made to further ensure better outcomes for children with neurodevelopmental disabilities.

Please use the information, copy, and images provided in the .zip folder to spread the word on your social media channels. Thank you for supporting the 2021 Kids Brain Health Network conference!

- Official Hashtag: **#KBHNConf2021**

Kids Brain Health Network

Twitter

We're proud to support the @KidsBrainHealth conference on Nov. 8-9! This year, KBHN celebrates the partnerships that create positive change for kids with neurodevelopmental disabilities. Visit <https://kidsbrainhealthconference.ca>—see you at #KBHNConf2021!

Facebook

We're proud to support the second annual @KidsBrainHealth conference!

This year, the Kids Brain Health Network celebrates the valuable partnerships that lead to scientific innovation. Through those partnerships, the Network can create positive change for kids with neurodevelopmental disabilities, such as #ADHD and #FASD, and #autism.

The keynote of #KBHNConf2021 is the Fraser Mustard Lecture featuring Dr. Paige Church (@SunnybrookHSC), who will discuss the need to change the culture of medicine to one of respect and awareness of stigma. Visit <https://kidsbrainhealthconference.ca> for more—we hope to see you at #KBHNConf2021!
